

INTELLIGENT MANAGED SERVICES

MANAGED SERVICES FOR TODAY'S CLOUD

Data Driven Monitoring and Reporting of your cloud environments so you know what is happening with spend, resources, and security in your Microsoft Cloud Services.

OUR CORE SERVICES

Intelligent Azure Managed Services

Our teams will provision and manage services, resolve issues, and be your trusted Intelligent Azure Advisor by providing data-driven recommendations on improving your Azure performance, lowering your Azure spend, and fortifying your Azure security posture.

Intelligent Modern Workplace Managed Services

A plan for our customers who want to focus on running their business instead of supporting Microsoft 365 products. It offers 24x7 support for all Modern Workplace Products.

Advanced Tier Services

Azure Application Monitoring Service

Advanced Security Threat Detection & Response

Intelligent Premier Support

Our cloud experts can quickly resolve issues, and our Microsoft Premier Agreement ensures we provide the industry's best support with enhanced SLAs for ticket initiation & response.

Easy Self-Service

Our easy to use management portal provides details on-demand regarding costs, inventory, and improvement recommendations all at the tip of your fingers.

Intelligent Monthly Report

We provide a monthly report on your Azure Environment including inventory, costs, recommendations, network diagrams, and full configuration details, enabling you to make decisions on optimizing your environment.
